## SHAW NOT INSANE SAY THE ALIENISTS

Defense of Unwritten Law a  
Probable Manner.

Terrible Tales About Conduct of His  
Victims and Wounds He Has Often  
Inflicted.

### THE CORONER'S JURY REPORTS.

New York, June 28.—The grand jury this afternoon filed an indictment, charging Harry Thaw with murder in the first degree.

New York, June 28.—The alienists appointed by the district attorney's office to examine into Harry K. Thaw's mental condition reported to Assistant District Attorney Nott today that so far as they are able to determine he is perfectly sane. The report was made with the reservation.

New York, June 28.—The examination into Thaw's mental condition by the three prominent alienists selected for that task by the district attorney's office was continued. The prisoner was taken from his cell to the criminal court building where the examination was conducted in a library adjoining the district attorney's office.

In addition to the alienists selected by the prosecution, Dr. Austin Flint, Dr. Carlos F. McDonald and Dr. William Mahon, formerly superintendent of Bellevue hospital, there were present Dr. McGuire, the Tomba physician, and Dr. Foster, representing the defense.

Funeral services over the body of Stanford White, the murdered man, will be held tomorrow. The services will take place in the Episcopal church at St. James, L. I.

Mrs. Thaw Calls.

While Thaw was still in the criminal court building undergoing examination by the alienists, Mrs. Thaw called at the prison to see her husband.

With the police, coroner's and district attorney's office working practically day and night to learn all the details of the events which led up to the murder of White by Thaw, and all sources silent as to their discoveries, there was much room for speculation today on all phases of the case. The motive for the murder, the police believe, was outlined in Thaw's brief statement that his home had been ruined, and with this as a basis of investigation detectives were sent in various directions looking up Thaw's habits in New York and investigating the many stories told and published concerning Stanford White's conduct.

Perhaps the most interesting development last night was the announcement that Mrs. Thaw told her husband's lawyers yesterday that she had received many letters from Mr. White since her marriage.

One of these she threw on her dressing table a few days ago, and her husband found it and vowed vengeance on the writer.

While the finding of this letter may have been the direct cause of the tragedy, Thaw's jealousy of and hatred for White were of long standing, and the young man made frequent threats to kill his supposed rival.

Mr. White was astonished some months ago to find that detectives were following him wherever he went. At first he had some doubt whether the men were really dogging his footsteps or whether it was a mere accident that the same faces appeared when he left his office, his home or his club at morning, noon and night. When he had become convinced beyond a possible doubt that reports of his movements were being prepared for somebody, he took steps to have some detective work done on his own account, and to have his shadowers followed.

He employed a man to go after him wherever he went, no far as possible and then he amused himself by giving the slip to the first detective. The person he employed discovered that the other detective was reporting to Thaw.

Agnes Palmer, a chorus girl, is quoted in an interview today as saying that Mr. White had told her that he knew Thaw was "going for him."

Among the witnesses questioned yesterday by the police was the waiter who served the dinner to the Thaws at the Cafe Martin Monday

Only "Fair Profit" in Filter, Say Philadelphia Politicians.

McNichol and Anastasia McNichol, the latter's wife, who filed their answers to suits instituted last March, by the city to recover the \$5,000,000 alleged graft.

## OUT DOORS

CITY'S SWELTERING POPULATION  
SEEKS RELIEF.

Terrific Weather Shows Signs of Abating  
in Next Twenty-Four Hours  
—The Temperature.

This spell of hot weather is noticeable because of the high temperature in the early forenoon. This morning the lowest temperature was 70, and at 1 o'clock it was 95. Cooler weather is predicted for Friday, though this may be preceded by rain or thunder showers similar to those of last Saturday and Sunday. No prostrations have been reported, probably because the atmosphere is dry, making a hot but not a smothering or sultry heat.

The effect of the terrific temperature has the effect of bringing the city's population on the streets after dark. Last night hundreds heard Dean's band at the Palmer House, and the street cars, especially on the park line, were crowded. Every bench in Wallace park was filled.

## QUIET BURGLAR

LOOTS RESIDENCE AND GETS  
AWAY WITH SUM OF MONEY.

Entrance Effected Through Rear  
Window At Home of Mrs. G.  
Thomas, Salem Avenue.

A burglar entered the residence of Mrs. G. Thomas at 1200 Salem avenue, last night and secured \$10.25. Entrance was effected through a rear window and Mrs. Thomas' pocket-book was taken. Nothing else was missed. The burglar did not wake anyone and the robbery was not discovered until this morning.

## KENTUCKY'S SHARE OF FRISCO'S LOSSES

Made Known to the Insurers  
Without Warning.

Local Insurance Agencies Received  
Instructions to Put on  
the Price.

### NEARLY EVERY RISK RAISED.

The insurance companies have drawn a bead on the Kentucky insurers, and ordered them to "stand and deliver."

All Kentucky fire insurance agents have received instructions that for Kentucky, the rates have been increased on most all lines of risks from 25 to 40 per cent, the new rates going into effect today.

The only notification the insurers have had was today, when some policies came due and the new ones were delivered. The new rates were fairly, as can be surmised, brought to attention.

The rates vary in the increase, and but few lines of business escape. All manufactures, general merchandise, and risks that have "been costing the companies a good many losses" are hit the hardest.

Thus the country contributes for the losses sustained at Frisco.

The increase on the different lines are as follows:

	Per Ct.
Boat and shoe factory	40
Churches	25
Colleges and schools	25
Flouring mills	20
Iron working plants	30
Metal working plants	30
Paper mills	50
Saw mills	15
Stocks of merchandise of all kinds	25
Summer hotels and contents	25
Terminal elevators and contents	20

### ROOSEVELT AND BRYAN.

The conference was called to order by James H. Ferriss, national chairman of the People's party, who said in part:

"Theodore Roosevelt, Senator La Follette and Thomas Lawson, William Jennings Bryan, Governor Folk and W. H. Hearst, nicknamed Populists by their Wall street despisers, are the great men of their parties, and it is their Populist tendency alone that has made them more highly esteemed than their ordinary fellow partisans."

### MAKES LAST TIE TO END LIFE.

Wisconsin's Champion Hand Blinder  
Commits Suicide at La Crosse.

La Crosse, Wis., June 28.—"Gene" Hickey, who bore the record of being the fastest hand blinder in Wisconsin, today knotted his last bundle when he deliberately tied a heavy towel about his neck, looped the other end to a bedpost and lay down to strangle to death. Hickey was 60 years old and had traveled behind a sythe in every part of the Northwest. The death of his wife and disagreements with his two stepsons, over whom he was guardian, are believed to have led to the prolonged debauch which ended in the suicide.

### BRICKMAN MADE RICH BY COAL.

Purchase With Senator Gorman Loan  
Now Now Belongs Return.

Dallas, Tex., June 28.—R. C. McCulloch, a brickman on the Missouri, Kansas and Texas railroad, has been informed of the sale to Senator Hoke Smith of 450 acres of land owned by him near Deer Park, Md., on which there is a coal deposit, the consideration being \$19,500. Mr. McCulloch bought the land thirty years ago when working on the Baltimore and Ohio railway, and the late Senator Gorman was interested with him.

### Drowned in Petroleum.

Waterbury, Conn., June 28.—Three men were drowned today in a vat of crude petroleum in the plant of Holmes, Roth & company. They were overcome by fumes of the oil and fell unconscious into the vat and drowned. Their bodies were recovered.

## REVOKES LICENSE OF OVERSTREET

First Instance For Violation  
of Sunday Closing Law.

Several Witnesses Testify in Police  
Court in Purchasing Liquor of  
Defendant.

### MAYOR VEISER'S STATEMENT.

Mayor D. A. Veiser will today issue a formal order revoking the liquor license of J. D. Overstreet, Eighth and Lloyd streets, for violating the Sunday closing law.

This morning in police court Overstreet was prosecuted for violating the law by selling liquor. He was represented by an attorney but when the prosecution presented several witnesses who testified that they bought liquor at his saloon Sunday, Overstreet did not make a fight. The court assessed a fine of \$10 and costs.

This morning the matter was reported to Mayor Veiser by Chief of Police James Collins.

"I will draw up the order revoking this license today," Mayor Veiser stated, "and will give it to you to serve. After it has been formally served every sale of liquor will constitute a separate violation of the law, and Overstreet will be liable for prosecution."

The law reads that the mayor shall revoke license in case of conviction for Sunday violation. This is the first case where the offense has been proven outright, and no complications are probable. Saloon license all run out with the month and tonight the joint committee appointed to hear complaints of irregularities in the saloon business will meet. Overstreet's case will be reported.

### HORSE RUNS AWAY TO SEE FIRE.

Too Impatient to Wait to Be Harness-  
ed to Truck, Goes By Self.

St. Louis, June 28.—Snoozer, one of the big team which draws the truck of company C of the fire department, was in too much of a hurry to wait even the few seconds necessary to snap the harness on him and started to a fire by himself today. When the alarm sounded his mate ran to his place, but Snoozer dashed through the open door and followed the chief's buggy straight to the fire. He was not captured until after the fire had been extinguished.

### ACCUSED OF STEALING \$50,000.

Poyette, Wis., Bank Clerk Arrested  
On Complaint of Customer.

Portage, Wis., June 28.—Fred C. Price, a former clerk of the Bank of Poyette at Poyette, is accused of having appropriated \$50,000 to \$60,000 of the bank's funds. Price has been arrested on complaint of a customer of the bank, who accused him with not crediting his account with a certain amount, and he is now out on bail of \$1,500. Most of the discrepancy is said to have been adjusted by Price and his relatives.

### COREY DENIES WIFE'S CHARGES.

Attacks Plea in Nevada and Says He  
Did Not Desert Spouse.

Reno, Nev., June 28.—W. E. Corey, president of the United States Steel corporation, today filed an answer to his wife's suit for divorce here, in which he denies her allegation that she is now a legal resident of Nevada. He also denies that he abandoned her, as she charges. The answer was signed by Corey in New York, June 19.

### Revolution in Honduras.

New Orleans, June 28.—The first intimation of a revolutionary movement in Honduras reached here today in the form of letters from Americans in the interior of the country, begging the health authorities to find some way to let them enter this country, because of the disturbed condition of Honduras, which indicated the outbreak of a revolution a few days ago.

### Dewey Out; Taft In.

New Haven, Conn., June 28.—William H. Taft secretary of war, was today elected a member of the Yale University Corporation to succeed Chauncey M. Dewey, United States senator from New York, whose term expired today.

Fair tonight and showers and cooler Friday afternoon or night is the forecast. The highest temperature reached yesterday was 92 and the lowest reached this morning was 72.

HUNT LIVES AND TWO DROWN.  
Disaster Overtakes Family Party on  
Michigan Lake.

Flint, Mich., June 28.—John Collins, aged 23, and his sister, Clara Collins, aged 11 years, were drowned last evening in Terhush lake by the capsizing of one of two row boats in which Mrs. Selma Collins, her nine children and hired man were gathering water lilies. Three other members of the Collins family were thrown into the water, but were rescued.

## LOCKED IN

MEMBERS OF TRAIN ROBBING  
GANG CAUGHT BY CONDUCTOR.

Derailed Freight Car in Order to  
Plunder at Leisure—Seven in  
Crowd.

Louisville, Ky., June 28.—Seven men, believed to be members of an organized gang of train robbers, were captured this morning while looting a freight car on the Southern railway. It is believed the men derailed a freight train at Fourth avenue and C street that they might have a chance to plunder it. The conductor found them at work and locked the door and had an engine attached to the car. He rushed it to the depot, where officers were waiting.

### More Slain by Russian "Reds."

Warsaw, June 28.—A band of armed terrorists today attacked three detectives, killing two and wounding the third.

## NO BONDS

SURETY COMPANIES RELEASED  
BY MAYOR VEISER.

Claimed That Recent Damage Suits  
Against Patrolmen Have Cause-  
ed Action.

Two-thirds of the policemen of Paducah are today without bonds, and Chief of Police James Collins, Mayor Veiser and the police commissioners are in a hurry over the action of the surety companies which "kave the policemen up" today.

E. G. Roone and other agents for bonding companies appeared this morning and stated they would like to be released as bondsmen of the officers. Their requests were granted, but Mayor Veiser thinks there some doubt as to whether they can be released except by consent of the general council.

"I am informed that the reason the surety companies desire to be released is because of the numerous suits lawyers here have been bringing against the policemen," Mayor Veiser declared. "It is really a shame that conditions should be such, and I regret it exceedingly."

### AMERICA

ercises At Yale.

New Haven, Conn., June 28.—At the commencement day at Yale the program of exercises followed closely that of previous years, except that in deference to a protest which had been made the hymn "America" was substituted for the Luther hymn beginning "A strong fortress is our Lord."

## POST OFFICE CUT MADE BY SENATE

Kentucky Towns Felt It in  
Building Appropriations.

Strange Deadlock in Conference Over  
Ment Inspection Amendment to  
Bill.

### HOUSE HALKS; HOLDS REPORT.

Washington, June 28.—The conferees on the railroad rate bill reached an agreement on the report to be made to the senate and house. It was adopted.

Washington, June 28.—The senate has cut down the public buildings bill materially and Kentucky's share, which was \$543,000 under the house bill, is reduced. The cuts are as follows: Bowling Green, from \$100,000 to \$80,000; London, from \$65,000 to \$40,000; Owensboro, \$175,000 to \$125,000. Versailles gets a \$25,000 public building by virtue of Senator Blackburn's efforts. Senator Blackburn introduced the bill for Versailles and it has been inserted by the senate as an amendment. Aside from the cuts at Bowling Green, London and Owensboro, the bill stands as it was for Kentucky. The addition of the Blackburn bill as an amendment makes the total cut in Kentucky only \$70,000.

### In Strange Fix.

Washington, June 28.—The agricultural appropriation bill containing the provision for inspection of all meat products entering into interstate and foreign commerce, is in the most remarkable situation that a bill has been in for many years. Senator Hale of Maine one of the veterans of the senate, said this afternoon that he did not recall but one instance in his entire legislative experience of a bill being in a similar condition. The house conferees on the bill will not yield to the senate conferees in the matter of putting the expense of inspection on the packers; they will not allow the conference committee to report disagreement; they will not permit a report of agreement; furthermore, Mr. Wadsworth of the house conferees told the other members of the committee of conference today that he and his associates would prevent all legislation on the subject before they would accept the senate amendment.

### Deficiency Bill.

Washington, June 28.—The general deficiency bill, the last of the big money measures, passed at 6 o'clock last night with few changes in the text of the bill. Several items were inserted due to late information of deficiencies in the departments, the net increase being about \$600,000 over the bill as reported from the committee on appropriations.

### Agree On Erie Canal.

Washington, June 28.—The senate and house conferees today reported an agreement on the Lake Erie and Ohio hip canal bill. With few changes the bill remains as it passed the senate.

### Yerkes Off for Europe.

Washington, D. C., June 28.—The Hon. John W. Yerkes left a sickbed to go to New York, whence he will sail on the steamer Deutschland for Europe. He will spend several weeks in England, Germany and France studying the free alcohol proposition.

### TERRE HAUTE MAYOR ON TRIAL.

City Council Shows Opposition to  
Continue Hearing All Night.

Terre Haute, Ind., June 28.—The trial of Mayor Bidanan, on impeachment proceedings, charging him with failure to enforce the laws, was begun by the city council last night. The councilmen are still in session and show a disposition to continue the hearing of evidence all night.

### BATTLESHIPS

**Cairo Falls Victim to Talkenders Giv-

**LAST OF THE SERIES TODAY.**

Team Standing.	W.	L.	Pct.
Vincennes	31	21	.594
Cairo	31	23	.574
Jacksonville	27	25	.519
Danville	28	28	.481
Paducah	23	30	.434
Mattoon	20	32	.385

**Yesterday's Results.**  
Vincennes, 6; Paducah, 2.  
Jacksonville, 7; Danville, 3.  
Mattoon, 6; Cairo, 1.

**Today's Schedule.**  
Paducah at Vincennes.  
Cairo at Mattoon.  
Danville at Jacksonville.

**Hoosiers Take Second Game.**  
Vincennes, Ind., June 25.—The Hoosiers led a batting attack and it was "23" for the Indians after the first inning. The Hoosiers' batting could not be stopped, and the Indians plied up costly errors at critical times. "Chief" Lloyd trotted out Big Fred Miller against Perdue, of Red Coat fame, and the first inning the Indians did fairly well, securing a couple of scores. This was due to the fact that Perdue had not settled down and after the first inning the Indians could do nothing with the Tennessee boy. Big Miller was touched up for bingle after bingle and Lloyd got frightened in the third inning and took him out. Sammie Wright was substituted but proved of little effect. The Hoosiers were batting the ball and nothing could stop them.

**The score:** R H E  
Vincennes ..... 6 10 1  
Paducah ..... 2 6 5  
Batteries—Perdue and Matteson;  
Miller, Wright and Nippert and Down-  
ing.

**Turpiles Downed Again.**  
Mattoon, Ill., June 25.—The Hoosiers "timed" Cairo well, the Rats getting one score. Failure to hit the ball is what lost for the visitors. Jokerst proved too much for the Rats and yielded but five hits. The locals, however, connected with ease with Hatch. Doyle of the locals made a three base hit, the feature in the hitting line.

**The score:** R H E  
Mattoon ..... 6 10 2  
Cairo ..... 1 5 4  
Batteries—Jokerst and Langdon;  
Hatch and Searies.

**Belites Use Three Twirlers.**  
Jacksonville, Ill., June 25.—It took three pitchers to turn the trick but the trick was turned, the locals securing the game from the Belites after a hard fight. Both teams hit well and the difference in the score is attributed to the fact that Jacksonville in the latter part of the game hunched hits.

**The score:** R H E  
Danville ..... 3 10 2  
Jacksonville ..... 7 13 2  
Batteries—Selby, Fleming, Willis  
and Quisner; Akers and Belt.

**Gossip of the Game.**  
Miller is not a steady pitcher, it seems, or else he had his favorite teams. Cairo can do little with Miller when he is at himself, and neither can Danville, but the Hoosiers have always found him.

Sammie Wright is doing well and is receiving many compliments around the circuit. His pitching is not phenomenal but steady, evidencing a great deal of head work.

We do not see so much of that encouraging dope in the Cairo Bulletin now that the Rats are dropping games. Col. Farnbaker states that the pitchers are "all in" or something to that effect. The last few days it looks like the Rats are "all in," the hits being few and far between. Some one said the hit column would be mighty slim down the Cairo line when the team left home.

The Hoosiers are paving the way to a tight hold on the top of the standing. Cairo is praying for Paducah to beat the Hoosiers and force

them down, but the Rats are doing little with Danville.

The Indians play Vincennes today and then go to Mattoon for three days, playing the last game in that city on Sunday, and returning to Paducah on Monday. Mattoon is strong and it will not be an easy matter to down the tall enders.

Mattoon is taking long strides and is leading a pretty fast pace.

"Colonel" Farnbaker makes the announcement that he is keeping tab on all Killy league results and insinuates that it is for the purpose of having them to prevent any attempts to change the standing to defeat Cairo of the pennant. He further states that he has the only complete records. The old man only makes himself more disliked in the league by such talk. None will try to get the pennant by fraud, unless it be Cairo, and no other city has ever given such a thing a thought. If there is any rottenness anywhere it is in Cairo and if there was not, the Colonel would not be the first to scream. As to the Colonel having the only complete records in the league, he is off, as they rest comfortably in President Gossnell's desk. The rottenness that existed in the league while Cairo people controlled it will not be in evidence this year, as the books will show at the close of the season. The Colonel howls entirely too often for a man who has not paid the Princeton league score of 1905, although the league is said to have allowed the money to do so. Fair treatment will be extended to all this year as President Gossnell is a man who will stand no other kind."—Vincennes Capital.

"The Cairo official scorer is the only one in the league who does not send in the scores as called for in the constitution. He should bear in mind that there is a \$5 fine for each offense."—Vincennes Capital.

Note—Col. M. J. Farnbaker holds this honorary position in Cairo. No one has yet been found who has seen or ever heard of the owners of the Paducah By-Products spending a cent of that \$10,000 for new players. It was simply a case of super-heated atmosphere in the first place."—Cairo Bulletin.

Paducah fans are patiently awaiting the arrival of the new Indian right fielder. When he comes the regular lineup will be complete and the team will then "go some."

The Mattoon papers are loyal to the team and will not hear of turning Diehl loose. They want to keep the team as it is seeing pennant possibilities. The Hoosiers always did look good in Paducah. Had a slump at the outset, but this is wearing off. "Pap" Farnbaker's talk about "Gun" Long being the fastest fielder in the league is not unexpected. "Spider" Diehl with the Hoosiers has "got him skinned a country block."

**Thirteenth Game.**  
The Princeton "Grays" won the thirteenth straight game from the Sturgis team yesterday at Princeton, Ky., by a score of 16 to 3. The game was witnessed by the biggest crowd of the season. Princeton's attendance is booming so that the town is beginning to have league aspirations. The team will meet De Koven next Sunday at De Koven and expects to break loose from unlucky "13."

The score yesterday: R H E  
Princeton ..... 16 17 3  
Sturgis ..... 3 3 7  
Batteries—Stevens and Block,  
Rudy and Smith; Hines, umpire.

## SENATE TREASON IS BAILEY'S TEXT

Shows Some Gross Mis-statements in Article.

Cosmopolitan Magazine is Owned by Hearst, Who Employs It for His Own Ends.

SPEAKS WITH DELIBERATION.

Washington, June 28.—The first reply in the senate to the series of articles running through the Cosmopolitan Magazine under the head of "Treason in the Senate," was made today by Senator Bailey of Texas, who spoke especially of the attack upon himself and generally of the attacks upon other senators.

The Texas senator read a portion of his speech from manuscript, and he spoke with even more than ordinary deliberation. Beginning with the statement that he did not make it a practice to take notice of criticisms, he said that the fact that the Cosmopolitan is owned by a member of congress takes this out of the general rule.

He said that he had been informed that several months ago the Cosmopolitan had been sold to W. R. Hearst, and that immediately afterward "the Treason of the Senate" articles had begun to appear. He then declared that, instead of being written with care and with regard to the truth, these articles "have been so manifestly designed to prejudice rather than to inform the public, that intelligent men have laid them aside in absolute disgust." Still, some people seemed to expect replies.

He did not feel entirely at liberty to speak of the attacks upon living senators, but considered himself not thus bound with reference to the article about Senator Gorman, who, he said, had been grossly abused when on his deathbed and even pursued beyond the grave. Calling attention to the fact that the magazine articles are based upon the assumption of a secret agreement between Republican and Democratic senators for corrupt purposes, he quoted the charges that Senator Gorman had conspired with Senator Aldrich to shape the Wilson-Gorman tariff bill so as to cheat the public, saying that it was not true, and that if the author of the article had desired to learn the truth, he could easily have done so. "Whether," he said, "he knows the facts and deliberately misstates them, or whether he merely pretends to know them when he does not, he is equally unworthy of belief."

He then called attention to the fact that instead of Gorman's being chairman of the finance committee, as was charged, he was not at that time even a member of it.

## TO NASHVILLE

WILL SMITH WILL BE TAKEN TO ANSWER CHARGE.

Fugitive From This City in Jail in Paducah, Accused of Malicious Cutting.

Will Smith, colored, alias Jim McClelland, will be taken to Nashville today to answer to the charge of grand larceny. Smith was in jail here when identified. Nashville authorities wrote here asking for the arrest of McClelland, stating that he was running out of Paducah on a steamboat. Detective T. J. Moore worked the case up and after sweating Smith, who is in jail pending trial for maliciously cutting Will Martin, secured his confession.

Smith stated that he worked for Sam Waggoner, a truck gardener, and was sent out to collect \$26. He lost it in a game of craps and was afraid to return and face the employer.

Martin, the prosecuting witness for malicious cutting, has skipped out and Police Judge Sanders agreed to let the Nashville authorities have the prisoner. They are expected this afternoon.

## AMERICANS ROBBED IN CHINA.

Home and Gagged in Shadow of War Ship at Canton.

San Francisco, June 28.—Dr. A. Beattie, an American missionary who arrived here yesterday from China on the Siberia, told of the looting of his residence in Canton by a band of thirty Chinese robbers while the United States monitor Monadnock was anchored in the river less than 200 yards from the house and native policemen patrolling the streets were frequently passing. Dr. Beattie, his wife, children and servants were suddenly awakened in the night to find the house in the possession of the robbers. Every member of the family was gagged and tied to a bed post. The burglars then stripped the house of everything that was of any value and escaped.

## Daily Thought.

"He never climbs to heaven who is  
unwilling to come down to earth."

There is little in the assassination  
of Stanford White by Harry Thaw in a  
New York roof garden with which  
either to point a moral or adorn a  
tale. The episode presents no reflec-  
tion of society. Their story is sordid,  
and when stripped of a few unique  
features, furnished principally by the  
audience to the tragedy, trite. The  
same brutal scene is enacted weekly  
in the alleys and slums without  
causing comment. Stanford White,  
the architect and man of affairs, de-  
serving victim of the gun, affords the  
only excuse for pausing. Standing at  
the head of his profession in the me-  
tropolis, a man of brilliant attain-  
ments, that he should meet with such  
a fate is cause for wonderment. Some  
weakness overbalanced him. Intellect-  
ual though he was, he was a degener-  
ate. The attitude temperament of-  
fers no solution to the problem. An  
artist can be as decent as anybody  
else. As for Thaw and his wife: He  
is a drunkard and a loafer, differing  
in no material respect from the poor-  
er but none the less despicable char-  
acters of the "red light." His wife's  
career varied from the usual course  
only in the prints of beauty and op-  
portunity. White lends himself ad-  
mirably to the role of villain, but the  
drama lacks a heroine, and Thaw  
serves only as an instrument of pro-  
vidence. Had this murder taken place  
in the slums of Paducah citizens se-  
cretely would have applauded the re-  
moval of White and would have sent  
his slayer to prison for 17 years as a  
deterrent. It may be under the cir-  
cumstances that Thaw can establish  
his plea of insanity, or, through the  
agency of the metropolitan press, ob-  
scure the shooting in the shadow of  
a conance and get out of the scrape.  
This latter method is called "invok-  
ing the 'unwritten law.'" Without  
presuming to decide this case for the  
jury, and always recognizing the  
fact, that in the "protection of his  
home" every man is a law unto him-  
self, we agree with the morbid sen-  
timentalists in this: If there is a law  
that condones murder, it is as yet  
"unwritten."

Society is becoming more and more  
complex, and with the interweaving  
of the threads of interest, which em-  
pose the fabric of our civilization,  
there comes an association more  
closely binding than that "one touch  
of nature," that "makes the whole  
world kin." Where once a calamity  
was limited in its effect to the im-  
mediate vicinity of its dire presence, now  
the widening circles of a local influ-  
ence are felt in every center where  
men congregate and commerce  
thrives. With keenest sympathy we  
responded to the call for aid when  
San Francisco fell; but we truly never  
felt the blow 'till now. We trust the  
insurance companies will be as prompt  
in meeting their obligations in Frisco  
as they are in providing to cover their

## THE FOOL KILLER.

estimated losses.

It is no mean pun to say that the  
Illinois nuthetics have taken a long  
stride in prison reform in substitut-  
ing the military drill for the lock-  
step in the state institutions. It is  
known of all men that after years in  
prison the lock-step becomes the hab-  
itual gait of the convict, which  
marks him all through his later life  
like the brand of the galley slave. It  
would boot a convict little to reform  
and attempt to lead an honest exist-  
ence, with that lock-step ever re-  
minding him and his fellowmen of  
the past.

And, so the "Immortal J. N." Free,  
whose iron nerve and gentle simpli-  
city ever dissipated such sordid ideas  
as railroad fare, and hotel bills, has  
gone on the long journey. Maybe at  
last he has "lifted the pressure." May  
his last journey be as untrifled as his  
peregrinations through life, and may  
he receive the same cordial treat-  
ment and gratuitous entertainment in  
the next world that he was accorded  
in this.

Lexington claims a population of  
11,000. The last federal census gives  
her a population of 26,000, but a re-  
cent directory shows this remarkable  
increase. With becoming modesty the  
Lexington papers incidentally ac-  
knowledge that the directory includes  
names in contiguous territory, prob-  
ably to be annexed. The Blue Grass  
metropolis is riding for a fall in 1910.

Of course, Perverse won the Malden  
stakes at Sheephead yesterday.

## The Value of Exercise.

The value of exercise for keeping  
the body in a good healthy condition  
is more fully appreciated nowadays  
than ever before and especially is it  
recommended to us in the summer  
season.

Exercise stimulates the blood flow  
and the healthy perspiration that fol-  
lows aids the skin in frowning off  
the poisons and by bringing into play  
the different muscles of the body, it  
develops them and at the same time  
adds to the nerve force, one of the  
most necessary conditions for a good  
healthy condition.

Note the youngsters that play and  
roump at all sorts of games in the  
summer. See the clear skin, the bright  
eye, the ease with which perspiration  
sets in. For them, there are few  
days of sickness. It would be the same  
with the grown people, however. If  
they would only exercise. But—they  
won't.

The osteopathic treatment is as  
natural as exercise. It has the same  
effect of the system. It stimulates  
and rights the blood flow and it gives  
tone to the nerves. It exercises the  
bowels and liver in a far superior  
way to any rousing or play, and stimu-  
lates all the functions with which  
nature has provided the body to right  
any disease.

Especially, when preceded by the  
dry, hot air treatment, is the osteo-  
pathy successful for herein you get  
a' that the most vigorous exercise  
gives—a good "sweat," free flow of  
blood and development of every nerve  
and muscle. And, following, comes  
at once the greatest of tonic effects,  
which are but natural.

I am giving this treatment every  
day with very marked success and  
shall be pleased to recommend you to  
a number of very prominent people  
in Paducah who will verify all I claim  
for it.

Call to see me at my office at any  
time between 9 and 12 in the morning  
and 2 and 5 in the afternoon.

Dr. G. B. Froage, 518 Broadway  
Phone 1407.

THAW NOT INSANE  
SAY THE ALIENISTS

(Continued from Page One.)

evening. He declared Mrs. Thaw was  
very quiet during the meal; that  
Thaw did not meet White at the res-  
taurant, and that White's entrance  
did not cause any particular excite-  
ment, except that Mrs. Thaw was  
very pale. As to Thaw's conduct af-  
ter the dinner, the waiter said:  
"When I handed him his hat he  
literally jerked it out of my hand,  
and in putting it on he crushed it  
down over his forehead and his eyes  
with a crashing sound which indicat-  
ed it had been broken by the vio-  
lence of his treatment."

## Thaw in Good Spirits.

New York, June 28.—Harry Thaw,  
the millionaire murderer, spent a  
good night in his cell and is in good  
condition this morning to face any  
situation or ordeal the day may  
bring forth. He ate a hearty break-  
fast, after which he lighted a cigar  
and read papers until summoned to  
appear in the coroner's court.

The coroner's jury, after three min-  
utes' deliberation, this morning re-  
turned a verdict finding that White  
came to his death from cerebral hem-  
orrhage the result of a pistol wound  
in the skull inflicted by a revolver in  
the hands of the defendant, Harry  
Thaw.

## The Dead Mao.

Stanford White in the Madison  
Square roof garden, went to keep an  
engagement with a pretty show girl,  
having only a short time previously  
slipped away from his grown-up son  
by saying that he was obliged to keep  
an important "business" engagement.

The performance itself was of no  
interest to White. He had seen the  
show time and again. He witnessed  
every rehearsal of the company before  
it opened at Atlantic City and had  
plenty of opportunities to chat with  
the girls and a minority of them knew  
all about him. In fact White always  
made it his business to get acquainted  
with the pretty girls.

If the police told all they know  
about the doings in White's apart-  
ment a sensation bigger than the one  
his tragic death caused would be the  
result. White has a record on the  
books of the Society for the Preven-  
tion of Cruelty to Children. His  
fathers and mothers of children just  
budding into girlhood who have fallen  
into his clutches, have sought assist-  
ance from the Gerry Society and the  
police. Facts that have developed  
since the murder make one wonder  
how it was that White did not meet  
his fate long ago. The Gerry Society  
has received numerous complaints  
against him but there never were any  
prosecutions, the principal reason be-  
ing that the parents of the victims  
wanted to avoid notoriety.

While officers of the Gerry Society  
admit that they have several com-  
plaints against White on file in their  
office, they refuse to go into details of  
any of the cases.

In his own house, in Gramercy  
park, he is said to have been person-  
non grata. Many times has it been  
said that at the brilliant functions  
given by Mrs. White the one most con-  
spicuous absentee could always be de-  
pendent upon to be Stanford White.

But if White cared little for society  
of a conservative sort his bohemian-  
ism and bonhomie was known in St.  
John's Wood, in London, in the Latin  
quarter of Paris and in the haunts of  
cubism and gilded dissipation in this  
city. His apartment in the tower of  
the Madison Square Garden, of which  
he was the architect, was the scene of  
many jovial and joyous bohemian din-  
ners and routs. Always the list of  
guests was composed of young and at-  
tractive girls and other bonvivants.

## O. HOW COOL!

Ground Was Covered With Ice When  
Storm Abated.

Atwater, O., June 28.—The worst  
storm in history was experienced here  
last evening. Almost without warning  
a disastrous hailstorm began and left  
a scene of desolation in its wake.  
Wheat fields are ruined. When the  
storm was over the ground was cov-  
ered with a layer of ice. Hailstones  
four to five inches in circumference  
were plentiful.

## No More Piled Puntions.

Nashville Tenn., June 28.—Gov.  
Cox said today after mature consid-  
eration that there was no excuse for a  
man carrying a pistol and because of  
this he said that he had decided not to  
relieve any more fines imposed by the  
courts upon those who are convicted  
for carrying concealed weapons.

SMASHES WINDOW  
DOES THIS THIEFThen Steals Ten Fine Watches  
Right on Street.Heavy Loss Sustained by A. Pollock,  
Jeweler, at 610 Broadway, Last  
Night.

## DISCOVERED THIS MORNING

Shattered in two places the plate  
glass window of the jewelry store of  
A. Pollock, 610 Broadway, under the  
Empire flats, was found at 5 o'clock  
this morning and ten fine Waltham  
and Elgin watches were missing. The  
window was broken with rocks, one  
being found inside and one at the foot  
of the windows outside. The first  
blow did not break the window suffi-  
ciently to remove any goods.

Mrs. A. Pollock did not sleep at  
the store last night as usual because  
of the absence of her husband, who is  
in St. Louis purchasing stock to add  
to the Welch stock he recently  
bought. She says she did not rest well  
all night from a presentiment she had  
that something would happen. This  
was strengthened by the fact that  
three other attempts had been made  
to enter the store, one about two  
weeks ago at which time Mr. Pollock  
shot through the front window.

Getting up at 5 o'clock she came  
down town from the home of a friend,  
where she had spent the night, and  
noticed a crowd of negroes and a  
few white people standing in front of  
the window. She supposed a fire had  
occurred. It was not until the clerk  
returned at 7 o'clock that she knew  
anything had been stolen as it had not  
been the custom to leave anything  
valuable in the window.

The clerk had left ten fine watches  
in the window. Some cheap jewelry  
was not touched.

Mrs. O. A. Tate who lives in the  
flat just above the store, remembers  
hearing a noise like a window break-  
ing, shortly after midnight, but did  
not think it of sufficient consequence  
to investigate. The police have  
charge of the case.

## NEGROES STRIKE

DEMAND INCREASE OF TWENTY-  
FIVE CENTS THE DAY.Southern Rehabilitation Company Refuses  
to Make Advance and the Work  
Stops.

A force of twenty-five negroes, em-  
ployed in putting down the concrete  
on Kentucky avenue between Fourth  
and Ninth streets, struck this morn-  
ing for an increase of 25 cents a day,  
and on the demand being refused,  
walked out for good.

The men are getting \$1.25 a day.  
Last night the work of putting down  
the concrete foundation began and a  
few yards was finished. The mixing  
plant had just gotten to working and  
all is in readiness to push the work.  
The men refused to work for less  
than \$1.50 a day and left the job idle  
today.

"We will get more men here if pos-  
sible," a member of the Southern  
Rehabilitation company stated this morn-  
ing, "and if we can not, will have to  
send out of town. We will not suffer  
more than a two days' delay with the  
work, however."

## Your Liver

You cannot possibly enjoy good health  
when the liver is inactive and the bowels  
constipated. You must keep the liver  
active. You must have daily action of  
the bowels. Ask your doctor if this is not true. Ask him at the same time if  
he knows a better laxative than Ayer's Pills. All vegetable, sugar-coated.  
Dose, only one pill, at bedtime. We have no secrets! We publish the formulas of all our medicines. J. C. Ayer & Co., Lowell, Mass.

## WILD RUMOR

EMPTIES EAST SIDE SCHOOLS  
PATRONIZED BY JEWS.

Report Gets Out That Anti-Semitic  
Outrages Are to Be Repeated  
in America.

New York, June 28.—A wild rumor  
that children's throats were being cut  
in the public schools resulted in such  
excitement and panic throughout the  
Lower East Side today that fifteen  
schools, with 25,000 pupils, were  
closed for the day. The trouble was  
caused by operations performed on  
several children yesterday for the re-  
moval of adenoids a fungus growth in  
the back of the throat and nasal  
cavity. The operation is not a dan-  
gerous one but the reports concern-  
ing what had been done spread rapidly  
today, and especially among the Je-  
ws, and became charged into re-  
mora that the Russian anti-Jewish  
massacres were to be repeated in this  
country and that a start was being  
made on Hebrew children in the  
schools. It was not long until man-  
y of the schools were surrounded by  
crowds of panic-stricken parents bent  
on rescuing their little ones from  
what they believed to be impending  
death.

murder of Stanford White in New  
York last night, was robbed of jewels  
and silver plate within the past few  
weeks, the value of which is said to  
amount to \$60,000. The matter was

Malt Gives Beer  
Its Food Value

Pabst Blue Ribbon Beer is healthful—it builds up strength,  
promotes health, aids digestion and acts as a tonic. Perfect beer  
is possible only with perfect malt, and perfect malt can only be  
made by the eight-day process used by Pabst.

Malt is made from barley. Barley contains in its elementary  
form the constituents that go to build up the human system, bone,  
muscle, blood and brain. The Pabst process of making malt is  
like the process of digestion. The barley is started growing as  
if planted in the ground. The changes that take place in the  
grain when it sprouts are similar to the action of the digestive  
fluids on the grain if it were eaten. Pabst eight-day process of  
making malt retains in predigested form in the beer all the nutri-  
tious, life giving elements of the barley.

In many breweries the old shorter process is still used. This  
covers a period of not more than three or four days and the malt  
is of forced, unnatural development, lacks in nutrition and is  
in all ways inferior, much of the vital nutriment of the grain  
being lost.

Perfect beer, such as Pabst Blue Rib-  
bon, cannot be made from four-day  
malt. Pabst Beer is thus richest in  
actual food value and strength-building  
elements because it is made only with  
Pabst eight-day malt.

Pabst Beer is clean beer, too. From  
mash tub to keg or bottle it is never  
touched by human hands and never  
comes in contact with anything but  
sterilized machines, sterilized utensils  
and sterilized air.

When Ordering Beer, Call for Pabst Blue Ribbon

A GREAT MANY people appreciate the value of these little ads, but there are a host of people who don't. Just as an illustration of the good work they do:

A reader of The Sun lost his shaggy pony last week—rather it strayed away—and after searching all the adjoining and neighboring commons for it an ad was put in Tips Saturday. Monday morning, about 7:30, a resident on one of the rural routes, five miles from the city, "phoned in that he had the pony."

"That's certainly quick work," said the advertiser, when he called to pay for the ad and have it "killed," and I had no idea The Sun was so widely circulated."

## OFFICIAL PARTY ON JUNKET TRIP

### To Inspect Proposed Street Railway Route.

Finance Committee Will Appraise the  
Post House and Gravel Bank  
Properties.

### OFFERS MADE FOR PURCHASE.

Wanted a big wagon.  
Alderman W. T. Miller in calling  
for this convenience, because he has  
a dray load of councilmen, street  
railway men and interested citizens to  
haul around the city tomorrow after-  
noon to "get a line on" some com-  
mittee work.

The proposed Nineteenth street ex-  
tension of the street railway system,  
the old city post house and the gravel  
bank are to be inspected. The last  
two pieces of property may be sold,  
and some real estate men will be  
taken on the trip to appraise the prop-  
erty.

An offer of \$1,000 has been made  
for the post house. Ed Terrell wants  
the gravel bank. If the sums offered  
are satisfactory after an appraisement  
the deals may be made.

Some people desire the street rail-  
way extension on Seventeenth street  
and this will be considered along  
with the plan of the company. General  
Manager Bleeker will accom-  
pany the party. The finance committee  
will inspect the property for sale,  
while the street committee will view  
the proposed new route. This makes  
the party of considerable size.

### Official Forecasts.

The Ohio at Evansville and Mt.  
Vernon will rise slowly during the  
next 24 to 36 hours. At Paducah and  
Calo, will continue falling during the  
next two or three days.

The Tennessee at Florence, will con-  
tinue rising during the next 24  
hours. At Johnsonville, not much  
change during the next 12 hours, then  
rise.

The Mississippi from Chester to  
Calo, will continue falling during the  
next 24 to 36 hours.

Hickman Ky., June 28.—A new  
company, known as the Calo (Ill.),  
Wickliffe (Ky.) and Columbus (Ky.)  
Navigation company, has been organ-  
ized for the purpose of operating a  
freight and passenger service between  
these places, using gasoline boats. The  
small landings between Columbus,  
Ky., and Calo, Ill., are not reached  
by the large packets, hence it is in-  
convenient for the farmers to reach  
either of the three cities or other  
points, but the new packet line will  
make it possible.

It takes a newly-arrived "climber"  
to get social acquaintances back.

## NEWS OF KENTUCKY

### "Youth Is Murder Mad."

Louisville, June 28.—Whea Ru-  
dolph Huxley died last evening from  
a gunshot wound in the abdomen in-  
flicted by Berry Rose, a youth of 16-  
teen, he made the fifth victim in less  
than three weeks of murderers whose  
ages range between nineteen and twenty-  
one, a record without a parallel in  
the criminal history of Louisville, ac-  
cording to Coroner Kelly and the po-  
lice officials. "Youth seems murder  
mad," was Dr. Kelly's statement. "It  
seems that my official time is com-  
pletely taken up at present viewing  
the remains of the victims of the mur-  
derous wrath of boys."

### Good Tobacco Reports.

Mayfield, June 28.—Good reports  
are coming in from all points regard-  
ing the Tobacco association. In May-  
field, Wes Humphries the salesman  
for the association, sold to Oscar  
Hank, local buyer for the American  
Snuff company, 88 hogsheads. The  
price paid for this lot will be from  
\$6.50 to \$8. About 3,000 hogs-  
heads of tobacco were graded last  
week. At present there are 19,879  
hogsheads graded now in the hands  
of the association waiting for pur-  
chasers.

Central City, Ky., June 28.—Little  
Frank Clarke, the five-year-old son of  
W. H. Clarke, a merchant, received  
perhaps fatal wounds from the kick  
of a horse. Yesterday afternoon while  
playing in the yard, the family horse  
left its water bucket, where it had  
been drinking, and attacked the child,  
kicking him in the head. A gash  
four inches long was sewed, and the  
child after a lapse of four hours, is  
still unconscious.

Vreeland, state agricultural commis-

ing of the state board of agriculture,  
just appointed by Gov. Beckham, to  
be held here on Tuesday next.

The meeting is for the purpose of  
organization and to arrange details of  
the state fair, which will certainly be  
held in Lexington, no other city seek-  
ing it this year.

tion for the governorship at New Cas-

ginning at that time.

ing filed by Judge J. M. Lassing un-  
til the next election.

### MORE WARRANTS

Will Follow Operation Next Sunday,  
Says Emery.

County Attorney Alben Barkley is  
latent on stopping the operation of  
pleasure devices at Wallace park on  
Sunday and will issue individual war-  
rants next Sunday he says if the de-  
vices are operated. Justice Emery  
stated today that County Attorney  
Barkley had instructed him to issue  
individual warrants if the Sabbath is  
violated again. No complaint has  
been made of the refreshment stands,  
and it is presumed they will not be  
molested.

Westmoreland, Kan., May 5, 1902:  
Ballard Snow Liment Co. Your  
Snow Liment cured an old sore on  
the side of my chin that was sup-  
posed to be a cancer. The sore was  
stubborn and would not yield to  
treatment, until I tried Snow Liment,  
which did the work in short  
order. My sister, Mrs. Sophia J.  
Carson, Allenaville, Minn. Co., Pa.,  
has a sore and mistrusts that it is a  
cancer. Please send her a 50c bottle

## MARKET IS CRYING FOR MORE BERRIES

### McCracken County Farmers Might Ship Carloads.

False Enough to Glut Local Market  
But Not Enough to Sell to Other  
Cities.

### MR. BONDS TALKS OF TRADE.

"I received a telegraphic order for  
a carload of berries and garden truck  
from Peoria Ill., Saturday, which I  
could not fill because McCracken  
county does not raise stuff in that  
quantity. The Peoria man wanted  
one-third blackberries, one-third cab-  
bage, and the rest cucumbers, toma-  
toes, squashes and beans," said Mr.  
Bonds, of the firm of Bonds & Pow-  
ell, "and every day similar evidence of  
the profit that might be made from  
devoting greater acreage and more  
time to garden truck comes to hand."

"The farmers raise enough to glut  
the home market and not enough in  
ship. You can't build up a market  
for your produce unless the other fel-  
low knows he can depend upon get-  
ting what he wants whenever he wants  
it and in any quantity. For instance,  
I know a man in New Orleans who  
can send me as much beans as I would  
ask for at any time. I deal with him  
all the time because I can depend on  
him. That is the only way Paducah  
can build a market. Yesterday a man  
brought in 48 baskets of beans. I  
might ship those today but tomorrow  
there probably would be none brought  
in, which would make me too uncer-  
tain."

"That creamery proposed for Padu-  
cah would be a fine thing for the city,  
because while we now spend hun-  
dreds of dollars away from here every  
year for butter, if the business was  
organized, all that money would be  
spent at home."

"How is the cantaloupe crop this  
year?" he was asked.

"It is a little backward and has  
been injured by the dry weather. But  
I think the principal reason is the  
presence of a worm in the stems. We  
could ship lots of cantaloupes if they  
were raised in large quantities."

### Cut Rates for Harvest Hands.

Chicago, Ill., June 28.—Inde-  
pendent notice has been given by  
several of the western roads of a re-  
duced rate for laborers for the Kan-  
sas wheat fields. The rate will be  
one-third of the one way rate and  
will become effective immediately.  
The proposition to put in reduced  
rates for this purpose was negatived  
by some of the lines and others de-  
clined to take independent action.  
The reduced rates are in response to  
an appeal by Governor E. W. Hoan  
of Kansas, who wired Chairman Mc-  
Leod of the Western Passenger as-  
sociation that 8,000 laborers were  
needed at once in the Kansas fields  
to save the crops. It is stated that the  
rates will be effective in the territory  
covered by Illinois, Missouri and  
Iowa, and will be good until July 10.

### Desires Vacation.

Mr. William A. Flowers, baggage  
agent for the local Illinois Central  
will leave tonight for Washington, D.  
C., on a two weeks' vacation, the first  
he has taken since 1893. Baggage-  
man Flowers is perhaps the oldest  
baggageman on the Illinois Central  
system. He began at the bottom and  
knows the business thoroughly. His  
reports show more business done out  
of Paducah than any other station on  
the system, excepting two, in excess of  
baggage. In recognition of his faith-  
ful and excellent services the com-  
pany granted him a vacation. Bag-  
gageman Flowers will visit his mother  
and brother in Washington and will  
take his family with him. Mr. R. B.  
Misenheimer, the night baggageman,  
will act in his place.

Master Merchant R. J. Turnbull, of  
the Illinois Central, went to Nash-  
ville this morning on business.

ing the compulsory retiring age of 70,  
is the limit fixed for veteran employees.

1 year; J. A. Donovan, Will Jackson,  
white, robbery, 6 years each; Ander-  
son Vandross, Ed Raymond, colored  
1 year for false swearing.

### Marriage Licenses.

follows:  
Fred Heppatt, 47 years old, and  
Edith Knight, 23 years old, both of  
Centralla, Ill. They were married by  
County Judge R. T. Lightfoot.

### Police Court.

The morning session of police  
court was brief. Henry Huff, colored,  
was presented for stealing two pairs  
of trousers from Jesse La Gore and  
selling them for \$1.25, representing  
that they belonged to him. Huff  
waived examination and was held  
over for obtaining money by false  
pretenses. Other cases: J. D. Over-  
street selling liquor on Sunday, \$10  
and costs, and Sophia Wilson, col-  
ored, disorderly conduct, continued.
